# STORIES

## SUCCESS STORIES

"The experience with Dr. Rhodman is something that I have never heard before, despite all the seeking that I have done in areas of leadership, life coaching and business training. His teachings, systems and live trainings are designed from foundational truth and have changed my life literally. My process is clear and more organized giving me the keys essential to managing my life and business. I have come to understand fear and failure are not even an option, unless I choose to. I am truly grateful and thankful for time well invested in me."

"The consulting I received gave me clear insight as a new business owner. His planning he strategically designed for me, along with his patience to ensure my knowledge and understanding of the plan, was excellent. Mr. Rhodman taught me that being knowledgeable, having understanding, having laws to live by and discipline with oneself allows you to grow, and then you operate everything in your life that way and it works."

"Dr. Rhodman's ability to simplify complicated issues and focus on the principles that we should all be placing our confidence in is refreshing."

"Spending time with Anthony really gave me a different perspective on life and what's important. Watching Anthony as an example and mentor while also spending time studying and growing everyday is something I wish everyone could experience. Anthony is special and destined for greatness, a true blessing to this world, and anyone that makes contact with him will see that."

"I am someone who loves clear instruction with steps and the Success Systems do that perfectly. When Dr. Rhodman teaches, he gives the process and makes success predictable. Since learning with him, I have put together a life plan, a business plan, and a schedule to catapult me to accomplishing my dreams."

"The session was Dr. Rhodman today was AMAZING. I truly appreciated his time and his wisdom. The zoom has had a great impact on my day and I know it is going to impact and reshape the end of the year for me. That is how powerful it was. Thank you again so very much. You made a difference! More than you know!"

"Anthony's undeniable patience allowed me to see the process with clarity, yet challenging me to take action outside of my comfort zone and follow through with knowledge, wisdom, and understanding. His consultation provides the blueprint for success that has been tested by opposition through time and cannot fail with constant creativity and visualization. I am excited for Anthony to continue this process with me to learn more from this business consulting expert!"

"Dr Rhodman helped me unlock the potential I had within myself, to not only conquer the issues I had, but turn them into empowerment."

"If you're looking for a life filled with: success, perfection, and all around goodness, look no further, Dr. Anthony Rhodman is the person for you."

## FEATURED BOOK

### Master Every Part of Your Life

There's a difference between mastering something and being a master over something.

People accept failure and defeat by the situations and circumstances they face in their lives and work because they believe they can't control them.

In this book, *Master Every Part of Your Life*, you will discover strategic techniques and strategies that have given top-level corporations a distinctive advantage.

Mental peak performance expert and life psychologist, Dr. Anthony Rhodman, travels all over the world advising executives, presidents, and CEOs on how to set up their empires with the tools introduced in this book.

These techniques and strategies are essential to fulfill the success of any companies' visions and desired outcome.

After reading this book, you will be aware of the minds within yourself, uncover how they affect every area of your life, and learn the secrets to be mastered by nothing as you become a master over everything.

### Master Every Part of Your Life Workbook

This workbook is designed for application of the book, *Master Every Part of Your Life*, and includes exercises, assignments, and application techniques that target your mental health and wellness, performance and behaviors, leadership and culture, economics and finance, success and business, family and management, and life and spirituality.

These techniques include meditation, visualization, steps to building your success team, and much more.
